

Maximising the potential of coaching and mentoring for school improvement

www.curee.co.uk

What Works Well?

We know from Ofsted's inspections of CPD that there's lots of coaching and mentoring going on – and some confusion about what the different models are for and how to do them well and at scale.

Join this workshop to crystallise your understanding of what *really makes a difference to pupils as well as staff*. Explore with us, a series of practical tools that embed and sustain quality in coaching and mentoring and generate evidence from teacher-pupil exchanges as a driver for learning *and* evaluating impact.

This workshop will:

- Equip you with a good understanding of the rationale and research evidence for developing coaching as an effective CPD approach for improving learning outcomes.
- Consider how to match different levels of coaching and mentoring to different needs
- Explore and develop practical tools and resources to improve your coaching skills and develop your colleagues' skills in learning from and with you.

This workshop is designed for:

- Primary/Secondary Senior and Middle leaders with particular interest in CPD

You will learn to:

- Understand 3 different opportunities for using coaching and mentoring
- Use a range of tools and resources which scaffold and support your skill development *as well as* those of the professional learner
- Practice your coaching and mentoring skills
- Plan how to gather and use evidence for formative and summative evaluation

Be confident of quality:

- All CUREE programmes are rooted in the evidence about what really works in classrooms and how teachers learn.
- All of the workshops are by experienced facilitators
- We will use interactive activities and powerful tools to encourage deep learning.
- You will leave equipped to share your learning with colleagues in school.

Workshop date/time:

6 January 2012.
09.30 – 15.30

Location:

Kirkbie Kendal School,
Kendal LA9 7EQ
