The POSTGRADUATE PROFESSIONAL DEVELOPMENT (PPD) PROGRAMME QUALITY ASSURANCE (QA) STRAND YEAR 3

TECHNICAL REPORT TO TDA

4 Copthall House, Station Square Coventry CV1 2FL (+44 (024) 7652 4036 (+44 (024) 7663 1646 (info@curee.co.uk CUREE would like to acknowledge and thank the following people for their contributions, guidance and support in the production of the Postgraduate Professional Development Quality Assurance Strand report:

- Michael Jopling (University of Wolverhampton)
- Chris Noden (freelance researcher)

The CUREE staff involved in the third year of the evaluation include:

- Philippa Cordingley
- Julie Temperley
- Miranda Bell
- Corinne Oldknow
- Janine McComiskey
- Natalia Buckler
- Donald Evans
- Colin Isham
- Kate Holdich
- Emma Jacobmeyer
- Sophie Kennedy
- Kirsty Bond
- Antoni Wojick
- Laura Smith

Introduction

- The Centre for the Use of Research and Evidence in Education (CUREE) was commissioned by TDA in July 2006 to undertake a three-year evaluation of the PPD programme to monitor the quality and impact of the scheme. The evaluation was also intended to contribute to the evolution of the programmes, through working collaboratively with course providers, to increase understanding of effective CPD and to use this to guide the development of the provision.
- 2. The evaluation aimed to identify, highlight and communicate examples of good practice and areas where provision could be strengthened, and inform the nature and direction of further research.

Budget Statement

Figure 1. PPD Budget Review

The total budget for the three years of the evaluation is:

Year 1	2006-07	£94,472
Year 2	2007-08	£74,877
Year 3	2008-09	£67,623
Total	3 years	£234,972

Figure 2. Breakdown of Costs for Year 3

Project element	Cost
Project planning and management	£ 13,981
Project set up	
Project co-ordination	
Project board meetings	
Attendance at partnership managers conferences	
Research	£ 31,903
Desk research – data extraction of submissions documents, data returns, impact	
evaluations and any additional documentation	
Database population	
Site visits – preparation, visits, data input, travel and subsistence	
Telephone interviews with students	
Student portfolio review – including postage of student work	
Data analysis, report writing and QA	£ 21,739
Total costs	£ 67,623

CUREE Research Team

3. The CUREE research team comprised:

Project Directors	Philippa Cordingley (Chair Project Board) Julie Temperley (Fieldwork and Project Management) Miranda Bell (Data Analysis and Reporting)
Project Co-ordinators	Janine McComiskey
	Corinne Oldknow
Researcher	Colin Isham
Researcher	Donald Evans
Researcher	Kate Holdich
Researcher	Elinor Wilde
Researcher	Natalia Buckler
Researcher	Michael Jopling (University of Wolverhampton)
Researcher	Chris Noden (sub-contracted researcher)

Sample

- 4. A sample of 19 course providers/partnerships was selected for detailed investigation in Year 3. In Years 1 and 2 we sampled from the overall population. The sample in Year 3 therefore, was comprised of those providers/partnerships remaining that were not picked up by the Year 1 and 2 sampling frameworks. In Year 3 the following 19 partnerships were included in the sample:
 - University of Bath
 - Bath Spa University
 - Bishop Grosseteste University College
 - University of Brighton
 - University of Bristol
 - University of Derby
 - University of Exeter
 - University of Greenwich
 - University of Hertfordshire
 - Liverpool Hope University
 - Manchester Metropolitan University
 - University of Portsmouth
 - St Mary's University College
 - Slough Partnership ITTP (Slough Grammar School)
 - Staffordshire University
 - The Networked Learning Partnership (The Learning Institute)
 - University of Warwick
 - University of the West of England
 - University of Winchester

Partnership Managers' Conference

5. During Year 3 of the evaluation, CUREE team members attended the TDA Partnership Managers' Conference on 10th December 2008. This provided an opportunity for partnership managers to meet the CUREE research team, to learn about the project, to hear the findings from Year 2, and to ensure that the project was appropriately connected to other related development work.

Methodology

Desk Research

- 6. CUREE continued to use the analytic framework developed in association with the Project Advisory Board and in consultation with TDA, based on an adapted version of the EPPI systematic review data extraction tool, to analyse documentation. The analytic framework is based on 3 key evaluation objectives and predictive indicators. It was designed to be capable of storing and analysing multimethod data types.
- 7. The evaluation objectives were:
- Evaluation Objective 1: Effectiveness, quality and impact of course preparations;
- Evaluation Objective 2: Effectiveness of participant recruitment and preparation activities; and
- Evaluation Objective 3: Provider performance funding criteria and quality threshold. The evaluation objectives were subdivided into level 1 and level 2 indicators; these were developed from cumulative knowledge and expertise in the field of effective professional development.
- 8. The 'desk research' phase of the project took place in autumn 2008. This involved the qualitative and quantitative analysis of documentation submitted to TDA by the partnerships. The documents analysed included submissions documents, impact evaluations and data returns.
- 9. In Year 1, a PPD database was designed and built to store and analyse data collected by the researchers. The database was reviewed and some improvements made to functionality at the beginning of Year 2. Further improvements were made to the design of the database in Year 3 and researchers were trained in the use of the new functions.

Site Visits

10. Site visits were undertaken by the CUREE researchers between January and March 2009. This fieldwork phase allowed the researchers to collect further data on the sites, to clarify any ambiguities thrown up by the desk research and to gain an experience of the partnership 'on the ground'.

Figure 4. Breakdown of Site Visit Information

Site Name	Date of visit	QA (researcher accompanied by CUREE Director)
University of Bath	26 th February	QA
Bath Spa University	21 st January	
Bishop Grosseteste University College	20 th February	
University of Brighton	17 th February	
University of Bristol	24 th February	
University of Derby	13 th March	
University of Exeter	25 th February	
University of Greenwich	11 th March	
University of Hertfordshire	26 th February	
Liverpool Hope University	18 th February	QA
Manchester Metropolitan University	26 th February	QA
University of Portsmouth	11 th February	
St Mary's University College	23 rd February	
Slough Partnership ITTP (Slough Grammar School)	30 th January	
Staffordshire University	25 th February	
The Networked Learning Partnership (The Learning	No visit	
Institute)	required ¹	
University of Warwick	24 th February	
University of the West of England	23 rd February	
University of Winchester	5 th March	

- 11. Due to the distinct nature of each partnership, the visits were tailored to the individual site requirements, the data that needed to be collected and the staff and students available for interview.
- 12. For each of the 19 sites the researchers met with and interviewed the Partnership Manager; they also interviewed a selection of other key staff from the different partners involved in the provision. These included course tutors, administrative staff, business managers, LA staff, CPD co-ordinators and current students. In order to quality assure and to moderate the site visits, members of the research team were accompanied by a project director where relevant.
- 13. The data collected from the site visits was entered into the PPD database and from this the researchers wrote 19 individual site reports. The reports present both an outline of the findings across the sample as a whole and the more detailed findings for each site.
- 14. Site reports were validated by each provider. Copies of the 19 site reports are available in the Year 3 research report.

¹ No visit required as TDA commissioned a separate evaluation of this programme which was published in 2008

Student Portfolio Reviews

- 15. The sample providers were requested to provide five portfolios of student work (preferably action research or practice-based work) for review from each site. In total, 100 portfolios of student work were reviewed against 18 criteria developed from the analytic framework (see Appendix 1 for Portfolio Review Grid) for:
- intended learning focus for student (teachers) and pupils;
- type of student work (e.g. action research, evaluation, literature review etc.);
- intervention and any connection with MTL themes;
- evidence of building on existing knowledge;
- any specialist or peer coaching;
- problem based learning;
- focus of work and processes;
- assertions and evidence in support (including contradictory evidence); and
- evaluation of impact.

Figure 5. Number of Student Portfolios Reviewed per Site

Site Name	No. student portfolios reviewed
University of Bath	5
Bath Spa University	5
Bishop Grosseteste University College	5
University of Brighton	5
University of Bristol	5

Staffordshire University	5
The Networked Learning Partnership (The Learning Institute)	5
University of Warwick	5
University of the West of England	5
University of Winchester	5

Student Telephone Interviews

16. Sample providers were asked to supply 10 student volunteers to take part in a telephone interview.

Figure 6.	Number of	Telephone	Interviews	Conducted p	er Site
-----------	-----------	-----------	------------	-------------	---------

Site Name	No. telephone interviews conducted
University of Bath	8
Bath Spa University	11
Bishop Grosseteste University College	6
University of Brighton	9
University of Bristol	9
University of Derby	9
University of Exeter	8
University of Greenwich	8
University of Hertfordshire	9
Liverpool Hope University	8
Manchester Metropolitan University	6
University of Portsmouth	3
St Mary's University College	5
Slough Partnership ITTP (Slough Grammar School)	9
Staffordshire University	6
The Networked Learning Partnership (The Learning Institute)	8
University of Warwick	11
University of the West of England	9
University of Winchester	3
Total	145

17. The interviews lasted between 20 and 30 minutes and focused on the following key areas (see Appendix 2 for Student Telephone Interview Questions):

- students' motivation to participate in postgraduate study;
- support for students;
- barriers to participation and possible solutions;
- marketing and availability of information about the course;
- effectiveness of teaching, assessment and support provided;
- impacts of studying at M level; and
- perceptions of the CPD processes.

Report Writing

18. The CUREE team collated all the data collected from the different phases of the Year 3 evaluation (submissions documents, impact evaluations, data returns, student portfolio data, student telephone interview data, site visit data including interview data, additional documentation and observation data) and analysed and synthesised evidence across the different data strands to produce their report. The PPD database was used to run comparative queries from the content for indicators (Level 1) and predictive indicators (Level 2). The analysis and synthesis phase of the Year 3 evaluation distilled the main findings, illustrating these with examples from the partnerships. A full report with appendices was submitted to TDA on 31st August 2009.

Appendix 1. Student Portfolio Review Grid

Site	e name	
Stu	ident name	
Ass	signment title	
1.	 What kind of project is this: Action research Evaluation Case study Portfolio of activity/evidence Journal Resource development Description 	
2.	What was the intended learning outcome for students (teachers)?	
3.	What was the intended learning process for students (teachers)?	
4.	What was the intended learning for pupils?What did they hope to improve?	
5.	Has the project built on what is already known in field?	
6.	What was the intervention – what did they do?	
7.	Is there any mention of specialist or peer coaching being made available and/or used by the student (teacher)?	
8.	Is there any evidence of problem based learning being offered by providers?	
9.	 Did the intervention connect with any of these MTL themes? Teaching and learning (particularly personalised) Assessment for learning and use of performance data Subject knowledge Curriculum development Child development, learning and behaviour Inclusion Leadership and management Working with others What processes were involved? Coaching Mentoring 	
	 Collaborative enquiry Individual enquiry 	

11. What was the focus?	
 Pedagogy 	
Subject	
Curriculum	
Student characteristics	
12. Was impact evaluated?	
13. If so how?	
14. What was the impact for students and their pupils?	
15. Are assertions supported by evidence?	
16. If so what?	
17. Is there any consideration of contradictory evidence?	
18. If so what?	

Appendix 2. Student Telephone Interview Questions

This interview schedule is intended to guide the researcher in the areas that they should cover with the students when conducting interviews. The main focus of the telephone interview is the student's experience of the course (section 3) so please could you spend the most time on this section, the other information is to flesh this out.

Key areas to be covered in the telephone interview:

- motivation to participate;
- barriers to participation and possible solutions;
- visibility and marketing of PPD programmes;
- impact of participation; and
- perceptions of the CPD processes.

1.	Information about the interviewee			
1.	Name			
-	Miller 1 1 1 1 1 1 1 1 1 1 1 1 1 1 1 1 1 1 1			
2.	What is your role in school?			
3.	How many years have you been teaching?			
4.	What phase do you teach?			
5.	What PPD course are you studying?			
6.	What is the focus of your research or study?			
	Dissertation			
	Research masters			
2. (2. Getting involved in PPD			
7.	What motivated you to become involved in PPD and why this course?			
	Career			
	Improve knowledge in a certain area			
8.	What is it you hope to learn?			
9.	How did you find out about this course?			
10.	Was the course well advertised and did you have access to enough			
	information about the course?			
11.	Can you see any ways of improving the marketing of the course to get			
	more people involved?			
12.	What barriers have you had to overcome to take part in this PPD			
	course? (e.g. location, time, access to resources)			

13. In what way could the course be made more accessible for you and other teachers? 14. Do you have any financial support? 15. Have you been tempted/tried to involve other colleagues? 3. Students experiences of the course 16. What parts of the course do you enjoy? Why? 17. Do tutors encourage and support you to work collaboratively with one or more other teachers? (on the course or in your own school) 18. Does the course include coaching? What does that entail? 19. Do tutors model new skills and practices in real classroom situations? (i.e. do tutors actually come into class and demonstrate?) 20. Does the course build in opportunities to experiment with new practice in the classroom? (e.g. do you have opportunities to try out new things and see what difference it makes to the pupils' learning?) 21. Do you make use of observation as part of the course? How? 22. Does the course build in opportunities for planning and reviewing lessons? How? 23. What parts of the course do you enjoy the least? Why? 24. How is the course structured and organised? • Timings • Locations • Who sets the agenda 25. How would you characterise the teaching on the course? How helpful is this to you? 26. How to forms of assessment are used on the course? How effective do you find these for your own professional development? 27. What support do you gue witht writing assessments? <				
14. Do you have any financial support? 15. Have you been tempted/tried to involve other colleagues? 3. Students experiences of the course 16. What parts of the course do you enjoy? Why? 17.
