

Effective Mentoring and Coaching Suite - Licensing and Pricing (Standard)

CUREE has been working with schools and colleges, collectively and individually, and with the organisations which support them for several years. We know from this experience that many different arrangements exist for supporting institutions and their continuing professional development (CPD) needs. In some areas, schools and colleges manage their CPD requirements entirely independently. In others, they choose to operate through a variety of collective arrangements. In working out how we should make our new EMAC range of products available, we have tried to find a sensible middle position between total simplicity and total, but unmanageable, flexibility. For this reason, CUREE has developed three licensing and pricing models for its engagement with schools and colleges and the organisations which support them. Here we are describing the most common, “standard” licence.

The Suite

There are 6 packs in total in the Suite each with a different focus as follows:

- **Joining Up:** understanding and making the links between coaching and mentoring, school development and performance management
- **Taking Hold:** putting professional learners in charge of their own development through coaching
- **Doubling Up:** securing learning benefits from being mentored
- **Letting Go:** developing coaches’ skills in increasing professional learners’ independence
- **Pulling Through:** developing mentors’ ability to support professional learners in drawing on evidence and expertise
- **Pulling Together:** ensuring the right mix of challenge and support in co-coaching

Standard Licence - an individual institution

This is a non-expiring site license (i.e. it does not need to be renewed periodically and the license covers all ‘normal’ users of the site). The school or sixth form college can license any permutation of the 6 packs in the Suite and discounts are available, as illustrated below, for the purchase of second and subsequent packs in the Suite (multi-pack purchase).

	Pack Prices					
	1 pack	2 packs	3 packs	4 packs	5 packs	6 packs
Small Primary School (>60 pupils)	£ 145	£ 268	£ 392	£ 515	£ 638	£ 685
Primary / Special School	£ 155	£ 287	£ 419	£ 550	£ 682	£ 732
Secondary / College	£ 199	£ 368	£ 537	£ 706	£ 876	£ 940

Contact details

You can order online at www.curee.co.uk or to discuss purchasing options please contact us using the details below or via our website. Other forms of licensing are available e.g. for groups/consortia of schools and for intermediaries offering CPD support to schools. Please contact us using the details below for more information on this.

Zenobia Daar, Business Manager, CUREE, 4 Copthall House, Station Square, Coventry, CV1 2FL

The Small Print

‘College’ in this context means an institution operating under schools regulations or a Sixth Form College in the United Kingdom. We are very happy to supply other learning and skills sector institutions or from other localities but separate pricing will be applied. Please contact CUREE for a quotation. Multi-pack discounts apply only where further packs are licensed within 9 months of the first purchase.
