## What Works Well?

**"The best schools take to heart their role in preparing the next generation of teachers" Stephen Hiller Chief executive TDA July 2011**

The evidence shows that a significant factor in the success of teacher training and induction is the quality of in-school mentoring. As the DfE has announced its proposals for the reform of Teacher Training these sessions will explore how you can enhance mentoring provision in your school, cluster or Local Authority to improve the learning outcomes for the next generation of teachers and at the same time build in-school CPD capacity .

*Uniquely, it offers tools for building new teachers' skills in being mentored as well as for enhancing the skills of mentors in gradually handing over responsibility for learning to new teachers.*

#### This workshop will:

- Explore the core principles of mentoring and professional learning within new policy context
- Consider the ways mentoring can improve teaching and pupil outcomes
- Deepen mentoring skills focusing on questioning, enquiry and professional dialogue

#### This workshop is designed for:

- Primary and Secondary ITE/NQT mentors
- Senior leaders with a responsibility for ITE, CPD, induction
- Leader of mentors.

#### You will learn to:

- Deepen your understanding of the skills of effective mentors
- Explore a range of tools and resources which support the development of these skills
- Explore a range of tools and resources which will **help mentees make effective use of their mentors thus increase their independence as learners.**
- Engage in practical activities to apply your skills

#### Be confident of quality:

- All CUREE programmes are rooted in the evidence about what really works in classrooms and how teachers learn.
- All of the workshops are by experienced facilitators
- We will use interactive activities and powerful tools to encourage deep learning.
- You will leave equipped to share your learning with colleagues in school.
